8/10

There is action, sex, violence, bloodshed, twists, turns, and lots of monsters, but none of it feels repetitive or rote. The Witcher continues to live up to expectations and, for the first time, has exceeded mine.

Nov 6

It took me a while to remember where all the characters were in the story, and in fact who a lot of them were. ... The unfortunate thing is that [Hemsworth] is just not as monumental as Cavill. It's a slightly gentler version than the mean, hulking Cavill.

Fangirlish

Nov 4

Not even Hemsworth being a really good Geralt nor the chemistry he has with Anya Chalotra's Yennefer can change the fact that the season feels distinctly like not much actually happened.

We feel like Liam Hemsworth fills the boots of Geralt of Rivia just fine, and are quite enjoying the action sequences and touches of humor as The Witcher returns for Season 4.

 4.5/10

Season 4 features some big character moments and the occasional shocking plot twist, but the writing fails to deliver

Liam Hemsworth manages to do a fair job of filling the large boots of Henry Cavill's Geralt in this middling adaptation of Andrzej Sapkowski's fifth novel, 'Baptism of Fire'

For those who have stuck with this adventure from the beginning, the end of the road is in sight, and Hemsworth will wield his big sword convincingly for the rest of the way.

The Witcher Season 4 isn't perfect, plagued with pacing issues and some forgettable characters, but the season is still a lot of fun for fantasy fans.

🍅 3/5

Season 4 isn't the finest outing of Netflix's Witcher to date, but it is still a fun and thrilling fantasy that is rarely boring, even when it muddles through some stuff.

Daily Telegraph (UK) ★

Oct 30

🍅 3/5

[Chris Hemsworth's] quietly ridiculous turn is nonetheless perfectly attuned to a show that harks back to the days before fantasy was cool and gets by (just about) on sheer silliness.

It feels like a cross between a more gory Tolkein and 80s fantasy/sci-fi mash-up Krull, which at least had the novelty of Carry On stalwart Bernard Bresslaw playing a cyclops.

Inverse

Oct 30

The Witcher is so close to achieving the magic that gave Season 1 so much potential, but it has to fully commit to its evolution to do so.

The Verge 

Oct 30

The problem isn't that the show has a new lead actor; it's that it continues to be a bloated mess, and season 4 doesn't do anything to fix that.

 **3.5/5**

If you're a fan of The Witcher, if you enjoy fantasy, if you love losing yourself in other worlds, then season four should be right up your street.

 **7.5/10**

In truth, Season 4 of The Witcher belongs to Anya Chalotra... We get to watch Yen finally fully step into her own power -- as a mage, as a leader, as a mother, as a hero -- and it's wildly satisfying on virtually every level.

✱ 2/5

No amount of imaginative swordplay or inventive creature design can prevent the sense that The Witcher is now what all sword and sorcery epics fear becoming: pure bilge.

[Go to Full Review](#)**Aramide Tinubu** ★

Variety

Oct 30

In a much sharper and less convoluted season than the previous one, “The Witcher” Season 4 is action-packed and full of dazzling characters both old and new.

7/10

The Witcher: Season 4 has more successes than missteps, but as a season, it feels incomplete and just part of a larger tapestry for the show's endgame.

✱ 2/5

While his predecessor invested Geralt I with a gruff likability, Geralt II is less “valorous man-mountain grappling with responsibilities beyond our ken” and more “bollard in a wig”.

 3/4

Starts off slow, heavy, & disorganized, but the second half revs up with tremendous action sequences, especially an epic battle that immediately fell into my favorites of the series, and a truly wicked villain. [Full review in Spanish]

Oct 30

 8/10

All eyes might be on Hemsworth in anticipation of his debut, but everyone should be watching this action-packed fantasy epic for far more than just Geralt of Rivia now.

Slashfilm

Oct 30

 5/10

Hemsworth does a fine job of wearing the witcher's medallion, and the obvious distinctions in this rendition aren't necessarily detrimental to the story.

[Go to Full Review](#)**Nicola Austin** 

Radio Times

Oct 30

 2/5

As Cavill's absence looms large over a story weighed down by uneven writing and tone, it's clear that Netflix's flagship fantasy series has lost its magic. Unless season 5 pulls off a (monster) miracle, this might be one quest even Geralt can't complete.

[Go to Full Review](#)**Kate Sánchez** 

But Why Tho? A Geek Community

Oct 30

 6.5/10

Frustrating qualities plague the beginning of the season, but the last half of The Witcher Season 4 finds solid ground in good storytelling.

[Go to Full Review](#)

Chase Hutchinson

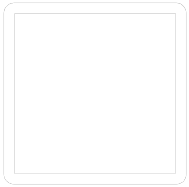

TheWrap ★

Oct 30

Where Cavill brought a real presence to the role — managing to be gruffly funny in one moment and believably brutal in the next — Hemsworth is just an anchor around the entire experience from which “The Witcher” can’t shake free.
